FINANCING AVAILABLE TO FLEETS RETROFITTING THE MERITOR TIRE INFLATION SYSTEM by PSI™ TO EXISTING EQUIPMENT

San Antonio, TX (March 11, 2008) Pressure Systems International is announcing today the availability of a financial lease option to add the Meritor Tire Inflation System (MTIS) by PSI™ to existing equipment without a major up-front capital expenditure. The company has negotiated with Wirth Business Credit to offer credit-worthy fleets a 36-month lease-to-own program, which will cover the entire product cost and labor costs required to retro-fit trailers with MTIS™.

Jeff Kuglen of Wirth Business Credit, explains, "Our program recognizes that fleets whose equipment is equipped with MTIS™ are likely to save an amount each month in reduced tire expenditures and added fuel savings that is equal to or greater than the monthly lease payment – so it's a good deal for everyone." Frank Sonzala, Executive Vice President of Pressure Systems International added "We've been eager to find a program whereby fleet operators can realize the savings and benefits of adding MTIS™ to their existing equipment without the sometimes difficult initial outlay of cash for the product, and we're pleased that Wirth has agreed to offer this program to our customers. With fuel prices soaring higher and higher properly inflated tires are a financial must. Anyone can visit our website www.psi-atis.com to see how fleet operations equipped with MTIS™ are saving money and they can also

calculate their own likely return on investment for adding the system to their trailers.”

Fleet operators interested in learning more about this financing option, should contact their PSI or ArvinMeritor sales representative or call the company at 210-222-1926.

PSI is the world leader in automatic tire inflation systems and markets and sells its product worldwide through ArvinMeritor as the Meritor Tire Inflation System by PSI.
